

# LANA ALMULLA

Industrial / Product Designer

lanalmulla@gmail.com

Passionate about functional, user-centered product design, with experience in 3D modeling, prototyping, and design research. I strive to explore new ideas through innovation and experimentation.

0534481035

Jeddah ,Saudi Arabia

## EXPERIENCE

- Design Department Student Representative – Effat University | Jeddah, Saudi Arabia

Oct 2025 – Present

  - Represent students and facilitate effective communication with faculty and department leadership.
- Design & Event Experience Team Member – Effat Jalsa Club | Jeddah, Saudi Arabia

Sep 2025 – Present

  - Design event concepts and contribute to planning from idea to execution.
  - Develop creative themes and shape the overall audience experience.
- Event Coordinator – Industrial Design Club | Jeddah, Saudi Arabia

Aug 2024 – Present

  - Plan and manage workshops, talks, trips, and club activities from concept to execution.
- Sustainability Intern – KAUST WISER Summer Internship | Thuwal, Saudi Arabia

Jul 2026 – Aug 2026

  - Contributed to the Retailers Sustainability Initiative by developing a bilingual survey, sustainability guides and videos, and a recognition framework.
  - Supported sustainability projects through research, project reviews, stakeholder engagement, and cross-functional collaboration.
- Industrial Design Intern – Abaad | Jeddah, Saudi Arabia

Jan 2026 – May 2026

  - Support product design and manufacturing operations within real production environments.
  - Contribute to development processes while collaborating with teams and understanding operational workflows.
- Event Planning & Management Team Member – Bashosh Volunteer Team | Jeddah, Saudi Arabia

Mar – Apr 2026

  - Assisted in event logistics, coordination, and on-site operations to ensure smooth visitor experiences.
- Design & Innovation Bootcamp Participant (Fawanis Camp) – Sanaa Platform | Jeddah, Saudi Arabia

Apr 2025 – Nov 2025

  - Developed skills in innovation, teamwork, and creative problem solving through intensive workshops.
- Participant & Exhibitor – International Arch & Desn Conference & Expo (4th Edition) | Jeddah, Saudi Arabia

Mar 2025

  - Presented design projects to diverse audiences and engaged with professionals on industry trends.
- Participant & Exhibitor – Annual Undergraduate Research Forum (UGRF) | Jeddah, Saudi Arabia

Sep 2024

  - Presented a product design project to academic and industry audiences while receiving expert feedback.

## EDUCATION

Industrial Design (BSc)  
Effat University | Expected Graduation 2027

## ACHIEVEMENTS

Dean’s List (2023–2024, 2024–2025)  
First Place – Innovative Prototype Category, UGRF Effat Annual Competition (2024)

## LANGUAGES

Arabic: Native  
English: Professional working proficiency

## CORE SKILLS

User-Centered Design (UCD) • Design Thinking • Ideation and Concept Generation • Concept Development • Packaging and Branding • 3D Modeling and Rendering • Sheet Metal Design • Prototyping and Model Making • User Research and Testing • Design and Market Research • Materials and Manufacturing Fundamentals • Digital Fabrication including 3D Printing, CNC, and Laser Cutting • AI Tools for Design Ideation and Visualization • Sustainability in Design • Systems Thinking

## SOFT SKILLS

Teamwork and Collaboration • Leadership • Attention to Detail • Responsibility and Reliability • Adaptability and Continuous Learning • Communication and Presentation Skills • Stakeholder Engagement • Professional Communication

## SOFTWARES

SolidWorks • KeyShot • 3ds Max • AutoCAD • Adobe Illustrator • PrusaSlicer • Fusion Slicer • HeeksCNC
